Subject: Review of Reclamation Surety, Land of Health, Ursa Major Mine, S/055/0017, Wayne County, Utah

Dear Mr. Hurst:

According to records on file with the Bureau of Land Management, a reclamation surety of \$1000.00 has been posted for the Ursa Major mine. The Division of Oil, Gas and Mining is attempting to obtain copies of the records associated with this surety. The surety amount was estimated in 2006.

The Division is required to periodically evaluate reclamation surety amounts. Because of the small disturbed area associated with the mine, and because of your standard practice to reclaim and keep the disturbance small, we have determined that the amount of surety should be \$3000.00 instead of the standard \$7900.00 for a one-acre mine site with a three-year escalation.

In addition, the Division needs to receive a signed and notarized reclamation contract. This form is available on the Division's web site at https://fs.ogm.utah.gov/pub/mines/minerals_related/forms/MR-RC-SMO.pdf.

Please contact the bond coordinator, Penny Berry, at 801-538-5291 or by e mail at bondcoordinator@utah.gov, for information about submitting the additional bond. You may submit a letter of credit, a certificate of deposit, obtain a surety bond, or use a cash deposit. Bonding forms are available on the Internet at <http://www.ogm.utah.gov/minerals/MINERALSFORMS.htm>, or you may call our office to obtain a copy.

Please provide the additional surety no later than October 17, 2011.
